Handfuls dropped...

on Purpose

This phrase is based upon an action ordered by Boaz in the book of Ruth. It illustrates, in type, the Lord Jesus commanding the angels to purposely drop handfuls of His Word where the Gentile church can ~if they are diligent to gather~ glean nourishment for themselves and, indirectly, Israel.

This is how I view these studies. They have been given to me as handfuls of nourishment from the Lord. And, like the diligent Ruth, I have benefited greatly from the generous kinsman redeemer. To complete the type, I have kneaded and baked these grains into barley loaves and am offering them to you, my brothers and sisters, to consume, savor and enjoy.

There are only these few requisites:
